

**REMARKS/ARGUMENTS**

The Notice of Missing Parts dated June 14, 2004 stated that Figure 4A described in the specification appears to have been omitted from the application.

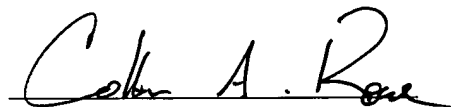

Drawing sheet 3 was labeled with FIG. 4 as filed and included a drawing as well as a blow-up insert of a portion of the drawing. The blow-up insert should have been labeled as FIG. 4A. The information referred to in the specification and the originally filed drawings show that the omitted item was deposited and supported by the originally filed nonprovisional application papers. The drawing was simply not labeled separately from FIG. 4.

**CONCLUSION**

Applicants respectfully request reconsideration that FIGURE 4A was omitted from the originally-filed nonprovisional application papers. If the examiner feels that a telephone conference would expedite the resolution of this case, he is respectfully requested to contact the undersigned.

If any fees are inadvertently omitted or if any additional fees are required or have been overpaid, please appropriately charge or credit those fees to Conley Rose, P.C. Deposit Account Number 03-2769 (ref. 1391-48300) of Conley Rose, P.C., Houston, Texas.

Respectfully submitted,
